DVP14544

Warning

All electrical connections must be made according to local codes. If you feel you do not have the experience necessary to do this, please have your fixture installed by a qualified, licensed electrician.

Make sure to note the maximum recommended wattage for your light fixture. DO NOT EXCEED THE RECOMMENDED WATTAGE:

DVP14543 - 3 x 100W T3 Halogen
DVP14544 - 4 x 100W T3 Halogen

Cleaning

We recommend that you use a mild detergent, such as dish washing soap, and warm water to clean the glass and metal surfaces. After cleaning, make sure to dry the fixture completely because moisture will corrode the satin finish. Use a damp soft cloth to wipe off dust. DO NOT use abrasive pads or cleaning materials.

Tools

Phillips head screwdriver
