

ASSEMBLY INSTRUCTIONS

DVP23238
DVP23248

Warning

All electrical connections must be made according to local codes. If you feel you do not have the experience necessary to do this, please have your fixture installed by a qualified, licensed electrician.

Make sure to note the maximum recommended wattage for your light fixture.

DO NOT EXCEED THE RECOMMENDED WATTAGE:

DVP23238 - 1 x 24W AC LED
DVP23248 - 1 x 42W AC LED

Cleaning

We recommend that you use a mild detergent, such as dish washing soap, and warm water to clean the glass and metal surfaces. After cleaning, make sure to dry the fixture completely because moisture will corrode the satin finish. Use a damp soft cloth to wipe off dust. DO NOT use abrasive pads or cleaning materials.

During installation, some fixtures may require subtle adjustments in order for the fixture to look as intended.

Tools

Phillips Head Screwdriver

If you have any questions, comments, or concerns contact us at customerservice@dvi.lighting

Avertissement

Risque d'incendie et de choc électrique. Ce produit doit être installé par un electricien qualifié et certifié. Votre filerie doit être conforme aux codes locaux et nationaux. Si vous n'avez que deux fils dans votre boîte électrique, vissez le fil en cuivre sur la barre transversale de l'appareil.

NE PAS EXCÉDER LE WATTAGE RECOMMANDÉ:

DVP23238 - 1 x 24W AC LED
DVP23248 - 1 x 42W AC LED

Nettoyage

Épousseter, pour nettoyer le verre à fond, laver à la main avec un savon doux et assécher immédiatement pour retenir le fini satiné. N'utilisez pas de produits abrasifs ou chimiques.
