ASSEMBLY INSTRUCTIONS

DVP32850

Warning

All electrical connections must be made according to local codes. If you feel you do not have the experience necessary to do this, please have your fixture installed by a qualified, licensed electrician.

Make sure to note the maximum recommended wattage for your light fixture.

DO NOT EXCEED THE RECOMMENDED WATTAGE:

DVP32850 - 12 x 40W Candelabra

Cleaning

We recommend that you use a mild detergent, such as dish washing soap, and warm water to clean the glass and metal surfaces. After cleaning, make sure to dry the fixture completely because moisture will corrode the satin finish. Use a damp soft cloth to wipe off dust. DO NOT use abrasive pads or cleaning materials.

During installation, some fixtures may require subtle adjustments in order for the fixture to look as intended.

Tools

Phillips Head Screwdriver
Chain Pliers
